

Technical specification Competition steel hammers

Warning!

The sports equipment produced by POLANIK is designed for athletics training and use in sports competitions only. Please pay special attention especially when using throwing implements and other throwing equipment, misuse of athletics equipment and implements can cause serious injury. In no event shall POLANIK be liable for any special, incidental, indirect or consequential damages in connection with the purchase or use of POLANIK products or costs over the original cost of the product. Concerning our permanent efforts to improve our products i.e. their quality and aesthetic values, we reserve the right to introduce, without prior notice, constructional changes as well as other modifications in standard colours of the equipment and implements.

Specific warranty terms:

1. The use of the throwing implements is to be done at the properly marked and secured sports facilities designed for that purpose and under supervision of qualified coaches, and according to: the rules of the International Association of Athletics Federations (IAAF), respective national athletics federation and local safety regulations. Failure to follow the above restrictions results in loss of the warranty rights.
2. The competition hammers are athletics throwing implements designed for competitions of hammer throw athletics event. The damages of competition hammers (scratches, dents, wire deformation and so on) caused by landing on the throwing sector are recognized as a normal wear of the product and are excluded from the warranty.

I. General description and use

Steel competition hammers are used in athletics hammer throwing events and training programs. Sports events and training should be conducted on grass surfaces or similar fields. Each hammer comes with a steel galvanized wire and a certified hammer handle.

II. Technical characteristics

Type	competition
Hammer head	steel, turned on the whole surface, powder painted, filled with special mixture of lead and fine shot, swivel made of high quality hardened galvanized steel
Wire	steel galvanized wire diameter 3 mm
Hammer handle	duraluminium and steel wire 4 mm, powder painted, various colours depending on available paints
Weight allowance [kg]	+0,005 (lower deviation) +0,025 (upper deviation)
Diameter allowance [mm]	+0,5 (lower deviation) +0,7 (upper deviation)
Overall length allowance [mm]	+5 (upper deviation)

Product code	Weight [kg]	Dia. [mm]	Hammer handle	Wire	Certificate
